

Heritage MedCall Technical Specifications

MODEL HM-OXY-8 8' OXYGEN SAFE CALL CORD

- Includes security clip
- Safe for use in oxygenated environments
- 1-year warranty
- Right angle plug
- Latex-free

DESCRIPTION:

The Heritage Model HM-OXY-8 Oxygen Safe Call Cord is a round air bulb call cord. This call cord utilizes a pneumatic air activated call cord designed for patients who have difficulty activating standard call cords. Has an oval-shaped, soft vinyl bulb design that fits easily into the hand.

RESET:

Emergency call station reset is accomplished by pressing the CHECK-IN or CANCEL button on the HM-S(D)PS panel. All emergency calls require this reset action to assure all calls are verified and all initiating locations are visited.

INSTALLATION:

Model HM-OXY-8 is installed by fully inserting the 1/4" phone plug into the bed-cord wall plate. Removing the bed-cord from the wall plate will initiate an emergency call
